

Outdoor Camera

Who's out there? Make your home feel safer with the water-resistant WiZ Outdoor Camera, featuring night vision capabilities so you can monitor your property day or night, whatever the weather! When the sensor detects motion, you'll receive an instant notification so you can communicate using the two-way talk feature or trigger light-and-sound alarms to deter intruders. Control using voice commands when you're home, or the WiZ app when you're away.

PRODUCT HIGHLIGHTS

- End-to-end encryption
- Full HD video and IR night vision
- Outdoor rated

Connected outdoor camera to your WiZ smart lighting system

It's not just the WiZ app that can control your camera. Use Amazon Alexa or Google Assistant and stream your camera feed on supported displays. Capabilities and functionalities vary from system to system.

Detect potential security incidents

The WiZ outdoor camera automatically notifies you when motion or sound is detected outside your home. Enjoy peace of mind even when you're away!

See what's happening at home

Check on your home anytime and from anywhere, with our real-time video streaming feature. Experience peace of mind when far away, by assessing all incident notifications, seeing what's going on in your home and avoiding false alarms.

Light alarm works with WiZ Lights

When away on vacation, make it appear that someone is at home by setting your WiZ lights on and off automatically, simulating presence at home, discouraging potential intruders. Plus, you can also set your lights to flash, should an incident be detected, notifying your neighbours of any unwelcome activity.

Simulate your presence with light

Simulate presence at home with automated scheduling of your lights as part of monitoring routines. The lights can also react to events with a light alarm mode.

Take immediate action

Communicate directly with anyone near the camera while live streaming. The built-in speaker and microphone enables an easy, remote conversation with your family. Or use it to warn any unwanted visitors.

SPECIFICATIONS

DESIGN AND FINISHING

Color: Black
Material: Plastic

EXTRA FEATURE/ACCESSORY INCL.

Solar Energy: No
Warm glow dimmable light: No

MISCELLANEOUS

Especially designed for: Outside
